A Great Family Paper.

There is more choice literature published with Pennsylvania Grit, Williamsport, Pa., than any other weekly paper that finds its way to our sanctum. A story in the supplement, which closed recently, "The Substitute," by Will N. Harben, is one of the best pieces of fiction we have read in years. It is full of wit, humor, sarcasm and repartee which is seasoned by pathos, and each character is interesting in every conversation the author engages them in. There is not a dull paragraph in the story, which in novel shape would command \$1.50. A similar story is printed every month in the supplement. And all this in addition to the main paper, which is 12 pages of 7 columns each, filled up with current news, miscellany, short sketches, etc. Write for a free sample copy.

Joe Stamper, of Mt. Sterling, was visiting his brother J. Harlan Stamper, dentist, of this place the latter part of last week.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerful, as soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ANNOUNCEMENTS.

For Commonwealth's Attorney.
We are authorized to announce A. HOWARD STAMPER as a candidate for Commonwealth's Attorney Twenty-third Judicial District, subject to action of the Democratic Party.

THE Hazel Green Oil and Gas Co., which is boring for oil on the Lee Caskey farm, at the depth of 1331 feet last week struck what is probably the strongest flow of natural gas ever found in Kentucky. Mr. Crawford, the gentleman who has charge of the drilling, says it would supply a town ten times as large as Hazel Green with all the fuel for heating and cooking and for illumination that such a sized town would consume in a score or more years, and some of our citizens hoped the company would thus utilize it. But it was decided that inasmuch as oil was the product for which they are looking to go down deeper. At this writing they are at the depth of 1460 feet, and while they have not yet reached oil the formation still encourages them to proceed, the formation being almost identical with that of the Cabel well near Campton, which is one of the best in the State. We are not advised as to the ultimate depth to which they will go, although some of the company say 2000 feet, if need be. However, in event oil is not forthcoming and they do not destroy the gas by finding salt water, we understand Mr. Rittenhouse, of Swango Spring, proposes to lease the gas, and should he do so, he will probably use it at the spring and pipe it into town, if he can secure enough consumers. The company is to be congratulated, in any event, for experts say the gas is easily worth \$15,000, and that would surely pay a handsome percentage on their outlay.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide, and something has been found that will prevent that condition which makes suicide likely. At the first thought of self-destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by all druggists.

CURTIS JETT, recently convicted of the murder of James B. Marcum, was on Tuesday served with a notice from the Harrison Circuit Court. The document gave notice that August 28 the Commonwealth would move the court to appoint a special bailiff from Breathitt county to summon witnesses to testify in the case against him for the assassination of James Cockrell, and September 8th was set as the day of trial. The Lexington Herald says that when the paper was served by Deputy Sheriffs Jim Wilkerson and Frank Rogers, no comment whatever was made by Jett. The document is too long to reproduce. It was signed by L. P. Fryer, A. F. Byrd and J. Stanley Webster, attorneys for the prosecution.

Save the Children.

Ninety-nine of every 100 diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach sweet. Sold by all druggists.

The Shirley Medical Association.

At a meeting of the physicians of Morgan, Wolfe and Breathitt counties, held at Cannel City, Aug. 20, 1903, called by Dr. S. A. Shirley, of Winchester, State Councilor for the 10th Congressional District of Kentucky, the Shirley Medical Association was organized, with the following officers: Dr. J. D. Whitaker, president; Dr. W. P. Wise, vice-president; Dr. J. R. Carroll, secretary; Dr. A. C. Nickell, treasurer; Drs. B. F. Nickell, Lefe Carter and F. C. Bakes, board of censors. Dr. W. G. Carter, a veteran practitioner 82 years old, was in attendance. Dr. W. P. Wise gave a talk on typhoid fever which was freely discussed by all the members present.

Program for Next Meeting.

Dr. H. H. Stamper, of Campton, address of welcome; Dr. B. F. Nickell, Cannel City, cholera infantum; Dr. G. M. Center, Hazel Green, the curette; Dr. Hogg, of Jackson, the management of a case of labor; Dr. J. R. Carroll, of Lee City, the management of typhoid fever; Dr. B. F. Carter, West Liberty, dysentery; Dr. F. C. Bakes, Hazel Green, treatment of gunshot wounds.

On motion, the association adjourned to meet at Hazel Green, Oct. 6th, 1903, at 10 o'clock a. m.

Eczema

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla

positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's Pills are the best cathartic. Price 25 cents.

Aunt Dulcinea Pieratt, of Blackwater, is visiting her grandson, H. F. Pieratt and family, of our town, and incidentally her son, Rev. Jim Tom, of Parker, Kansas, who is a sojourner among us.

A Five-Cent Fight.

On Tuesday morning last, at the saw mill near James Cope's, on Frozen, Henry Lockhart and son one side, and Jim Vires and son on the other side became involved in a dispute over five cents. Young Lockhart had been working for the elder Vires, who had paid him in full and then borrowed five cents. This young Lockhart claimed was unpaid. Angry words were passed to and fro, when the senior Lockhart struck the elder Vires in the face with an iron wedge, loosening several teeth and bruising his beauty badly. Then young Vires made an assault on young Lockhart, and he in turn stabbed young Vires in the back, inflicting a wound two-and-a-half inches deep. Neither of the Lockharts were hurt. Dr. Center, who was called to dress the wounds of the Vires, gave us the above facts.

Young people should not forget that a church is not a play house. If they do not care to hear the sermon themselves, they should at least have self-respect enough to be polite and remember that there are people in the audience who would like to hear it. Whispering, writing notes and giggling during church service is very rude.

Puts An End to It All.

A grievous wail oftentimes comes as a result of unbearable pain from over taxed organs. Dizziness, backache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by all druggists.

The rain Tuesday evening was a God-send to this section, but farmers complain that it came too late to make corn, especially that which was planted late. But the wells around here were so nearly exhausted that any kind of shower was hailed with delight.

Harry Gambill, of Blaine, Lawrence county, fell from the second story of his residence a few days ago. His hip was crushed and he was otherwise injured. He is a prominent merchant and a well-known Republican politician.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

THEDFORD'S BLACK-DRAUGHT THE GREAT FAMILY MEDICINE

Theford's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhoea, biliousness, piles, hard colds and headache. Every drug-gist has Theford's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe Theford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Ilwaco, La.

CAMPTON COURIER.

BENJ. SEWELL, Editor. VOL. I. No. 31

S. G. Drushel's parents, of Mt. Hope, Ohio, have been visiting here the past week.

A. F. Byrd is at Winchester, where he is furnishing his new Bryan-like mansion.

Aunt Betty Taulbee, wife of Anse Taulbee, of Devil's creek, is very ill, and is not expected to recover.

Mrs. Lee Congleton, of Lexington, was visiting the family of Judge Congleton, of our town, a few days last week.

Rev. J. H. Stamper and wife attended the quarterly meeting at Elkins Chapel on Sunday. Now, the chickens on Holly have gone wild.

Taylor Sewell and George King, of Holly, were in town last Saturday on their return from Carter county, where they had been sojourning the past two weeks.

John M. Terrill, John C. Tolson, S. S. Spradling, J. C. Hurst, R. E. Cundiff and Benj. Sewell were the Republican delegates who attended the Judicial Convention at Beattyville last week.

A. H. Stamper was at Lexington last week, presumably to meet and confer with a few big guns of Democracy in the interest of his candidacy for Commonwealth's Attorney. David Boltless Redwine was there.

Will Hanks, sr., brother of C. C. Hanks, after a short illness died last Friday. His remains will be buried in Missouri, beside the grave of his wife. Will Hanks was the first county court clerk of this county and has been a prominent and influential citizen in his time.

A stranger came to our town last Saturday and developed into a trader of the "Cheap John" variety, giving his name as "this" and as "that." His actions and conduct were such as to create the suspicion that he had committed some crime, and a posse pursued him to Glencairn, where he was arrested and placed in jail here to

await developments. He claims to be from Clay county. A letter found on him reveals his name as Frank Seals, of Booneville. On Sunday he became extremely sick, and for a while it was thought he would die in spite of medical assistance. On Monday morning, however, he took a turn to recover.

On the third Sunday of September the funeral of Uncle Thomas Tutt and wife will be preached at the Bethel church by Rev. N. G. Robinson, of Nicholas county. The funeral of the infant child of T. K. Tutt, Jr. and wife will be preached at the same time and place by the same divine.

The Farmers and Traders Bank, of this place, is doing a thriving business. This bank is a mountain institution, owned and managed and officered by well-known business men. Every Wolfe county citizen, who does a banking business, should patronize this bank. He helps to build up home enterprise, home industry and home institutions when he does so. Every dollar of money sent to the blue grass banks for deposit helps to build up blue grass institutions at the expense of mountain money. The mountains will never thrive and prosper as long as mountain money finds its way to the blue grass. We venture the assertion that not a dollar of money from the blue grass is sent to our mountain banks for deposit. Mountain people should first build up their own part of the moral vineyard and then lend a helping hand in the building up of other sections. Charity begins at home. Our greatest pride should be in home institutions. Why send your millions to the blue grass banks for deposit, when it is just as convenient and safe to deposit them in the Farmers and Traders Bank at Campton?

Buy This Pretty Home.

The Owingsville Messenger says that two young ladies near that town each raise every year a good crop of tobacco and other salable farm products. These crops are the average size that men raise and these young women do all the work from planting the seed to loading the crops on the wagon for market. These young women do not have to do this work, as they could live comfortably at home without it. They do the work for the pleasure of having a bank account and the glorious privilege of being independent.

Dr. N. F. Pierce, who has had dysentery, and relapsed several times this summer, is up, well and able to practice his profession at Howard's Mill, well equipped with medicines, instruments, etc.

WATER IN A SIEVE

"PUMPING water into a sieve." Of course it runs through. If you not stop up the holes? People frequently try to cure diseases in the same way—without doctoring the cause. Three-fourths of all diseases have their origin in a weakened, run-down condition. When you feel tired, nervous, lose appetite, do not sleep well, lack energy, have a sal-low, yellowish skin, something is decidedly wrong. The organism has become clogged with impurities, which instead of passing away, enter the blood and are carried to all parts of the system. You fall an easy prey to fevers, chills, and many serious diseases, because the liver and other organs are inactive, and do not work properly. PLANTERS NUBIAN TEA—a pure and efficacious combination of health-giving roots and herbs, will cleanse and purge the system of every impurity, and restore strength and renewed activity to liver, kidneys and every other organ. It infuses new vitality, makes pure, wholesome blood, and fortifies against diseases. At all druggists, or sent post-paid by us; 25c. per package, 5 packages \$1.00. Sample and booklet free. Spencer Med. Co., Chattanooga, Tenn.

Miss Emma Perkins, of Lacy creek, while out driving with her brother Sunday was suddenly seized with cramps in the stomach. Dr. Bakes was at ye editor's, and her brother drove here, when the doctor gave her some medicine. Just then he was called to see Mrs. J. H. Pieratt, and Miss Perkins not getting immediate relief, her brother hastened for another doctor and brought Dr. Center. But he awaited the return of Dr. Bakes, who administered another dose of medicine and relieved her, when she was able to go home.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of DuPont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Nim. Byrd, Jr., charged with shooting Officer Dee Smith about two months ago, had his examining trial before Police Judge Tipton Tuesday, and was held to answer at Circuit Court. He gave bond in the sum of \$5,000.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality when burns, sores, ulcers and pils threaten. Only 25c. at all druggists.

John L. Jackson, a member of Olympia base ball nine while playing ball at Olympia, was run over by another player and his leg broken just above the ankle.
